## FAQs

Do I have to wear my badge to everything? Yes, this is required for entry to all events. If the Celebration Dinner was included/paid for in your registration, your drink tickets will be located in your badge holder, behind your badge. Please help us by bringing these with you.

Do I have to pay to download the Whova app? No, the Whova app is free to download. There may be rare occasions when your phone provider will ask you to pay to download it, but the Whova app itself is free to download.

New this year! You can complete your program evaluations (speaker and conference/venue forms) on the Whova app! This also helps the Program Committee as well.

**Masks are strongly encouraged but not required.**
